

EPX[®] ANTI-FATIGUE CUSHIONED ARCH INSOLES

The Wolverine EPX[®] Anti-Fatigue 9mm Insoles are designed to help fight sore feet with their EPX[®] Anti-Fatigue Technology. They have a high profile, flexible contoured footbed with a honeycomb heel to help absorb shock while maximizing energy recovery, support, and stability. Their Coolmax[®] top cover helps to fight odor while providing breathability in your work shoes or boots.
